DEFECTIVE OATH OR DECLARATION

Assistant Commissioner for Patents,  
Washington, D.C.

Sir:

On January 11, 1999 applicants in the above-referenced U.S. patent application filed a complete response to the Notification of a Defective Response issued December 10, 1998. Nonetheless, as applicants have now executed additional declarations, in order to speed the processing of the present application, applicants further submit the attached Substitute Declarations.

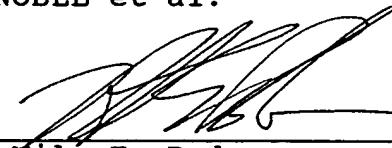

Nonetheless, applicants maintain their position that the original declarations were acceptable and that the response to Notification of a Defective Response was a complete response to the Notification of a Defective Response.

An early and favorable action on the merits is requested.

Respectfully submitted,

Udo NOBEL et al.
